PRODUCTS LIST & DETAILS

At Inspired Home Organization we use products safe for people, pets, and the planet. We have done a lot of on the job research to learn what works to save you time, money, and space underneath your kitchen sink. It is important to know the products we use in your home, how they work, and what surfaces we use them on. We do our best to avoid using overpowering chemicals or ones that might cause damage to personal property.

Here is a curated list, after years of experience, of some of our favorite “go-to” products:

Cleaner Name	Contents	Where Used/Notes:
Sals Suds by Dr. Bronner	Plant based concentrate. Bio-degradable. Eco-friendly.	All-purpose cleaner. Designed to tackle tough grease, dirt, and grime on any water-safe surface.
Method Heavy Duty	Plant based. Lemongrass and	Every day, every job. It smells amazing and
